

DC Metro Chapter #127

Advancing Productivity, Innovation, and Competitive Success

Thank You to Our Host Sites!

We gratefully acknowledge the support our host sites have provided by allowing us to use their real estate for public courses. We are honored to be considered solution providers for these valued clients.

Booz | Allen | Hamilton

strategy and technology consultants to the world

ETHICON
a Johnson & Johnson company

ExxonMobil

FC Fairchild Controls

VOLVO
Powertrain

Would your enterprise like to join this prestigious group? Your enterprise would be supporting a local nonprofit association. Not to mention providing the convenience of onsite education for your employees! Our requirements are minimal. Class sizes average 6-10 people. We bring the laptop. We need a room large enough to seat all the students along with their gear, a PC projector and either a flip chart or whiteboard with markers. We respectfully ask permission to use your photocopier to prepare class handouts. Access to restrooms and a coffee machine is a definite plus!

In exchange for allowing DC Metro Chapter members to join your group, ask about two free tuition slots! These range from \$1,100 to \$2,400 per course. For more info contact education@apicsdcmetro.org.
