

Cristina Grigore

Email: cristinagrigure@hotmail.com

Born and raised in Romania (Eastern Europe), presently living in Washington DC. A chemist by profession, I have 8 years of experience in Operations and Supply Chain (product movement and inventory, logistics and customer Service) while working for a major oil company, as well as 5 years experience in export of chemicals (working for a well know Romanian export Company).

I am very excited about becoming a member of APICS, meeting professionals with valuable experience and knowledge that would broaden my horizons and improve my skills in operations management.
